I think his love for the lady is even greater than the legendary Chinese Empress Yang-Kuei-Fei received

It's all thanks to the Emperor's earnest desire to show it to the pregnant Lady Fujitsubo

I don't like watching Genji dance,

あの源氏の中将（ちゅうじょう）の舞うのは見（み）たくないが

Oh dear, I never expected she would come.
Ah there goes Lady Kokiden.
I can't wait to see the dance 'Waves of the Blue Ocean' performed by Lord To-no-Chujo and Lord Genji!
It may be difficult for Lord To-no-Chujo having Lord Genji as a partner!
But he has an unyielding spirit, so he'll try hard.

Really. I think so.
Yes.

What's wrong? Are you tired from being with so many people?
No, I'm not, my lord.

Genji...
How beautiful...
Ooh...
Perhaps the gods will admire such beauty so much... ...they'll come and take him away up into the air.

As long as I live, I shall have to deceive him...

...disregarding me, the present Crown Prince's mother, who has served him so long and so well.
I'm convinced he'll make Fujitsubo Empress Consort.
藤壺の女御さまが お隠れになってから もう二月
The baby should have been born by now
But nothing's happening
What's wrong?
It's already three months since Lady Fujitsubo went back to her parents' house
主上は 藤壺の 二月を 中宮になさる おつもりに ちがいない

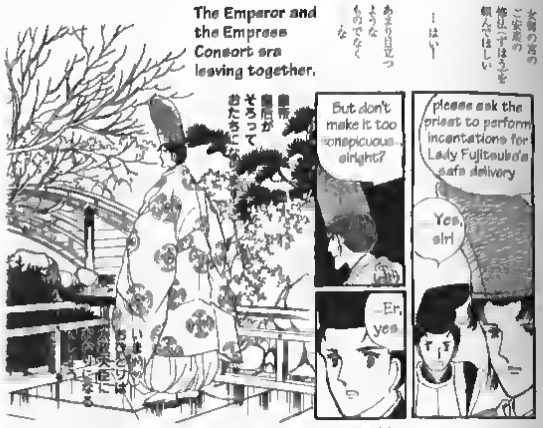
and I'm beginning to believe that, too
People are talking about possession by spirits
Yes, that baby.. is surely mine..
やはり そうなのだ
It's just as I expected.

But, Mother, I think Genji was truly wonderful
Promoting Genji to the First Class of the Third Rank and To-no Chujo to the Second Class of the Fourth Rank..
The Emperor must have been pleased I thought that passing shower was a sign even the heavens were moved by his performance
makes me think there's something wrong with the Emperor
Hitsugi-no-miko, you're always too kind
...I'm sure the Emperor will consider that new son of a former Emperor's daughter as the next Crown Prince
if that Fujitsubo delivers a boy...
...what will happen to the vacant seat of Empress Consort,?
And if that happens...



The Emperor and the Empress Consort are leaving together.
But don't make it too conspicuous, alright?
Er, yes
please ask the priest to perform incantations for Lady Fujitsubo's safe delivery
Yes, sir!

—Is it really true?

Another one of them will become Prime Minister.

The inferior child will attain the rank of Prime Minister.
The child delivered by the low-class woman will become the Empress Consort
Here's the interpretation of my dream
Emperor!
First of all...the Emperor will have three children
One of them will become Emperor
そして、その中の劣ったかたは、太政大臣として、位人臣をお極めになりましょう

帝に！

Looks like Lady Rokujo's ladies-in-waiting will complain again
Though I think I should visit her...
I'm sure she's waiting for you
...Only letters every day...
Happy New Year!
I'm so tired...
I wonder how long this will go on...

Grow up quickly..
—my little treasure
Koremitsu, sir, where are we going tonight?
To Sanjo
We're going to give New Year greetings to the Minister of the Left and his family
Being treated is alright, but because our lord doesn't go there often, we're not treated so generously
What's wrong? Don't look so miserable! They'll treat all the servants to dinner
Sanjo You mean Lady Aoi?
Koremitsu, please deliver this to Lady [illegible]
It's all letters again?
Stop complaining and get ready quickly!
Lord Genji will be here soon

The Emperor's still regretting he was unable to make you Crown Prince
He'll pass his unfulfilled dream on to the new baby.
Instead of the prince who was made a commoner because of his mother's low rank..
If there is a new Emperor, the power of the Minister of the Right on his mother's side will become tremendous
...and that may make things a little difficult for us!
No..I didn't have that sort of ability from the start
I only pray for the golden opportunity of the birth of a prince in the New Year
Ah..I'm sorry to be giving you only an old man's complaints on New Year's Day!
Ah, I sometimes ask, but I'm afraid I haven't been of any help at all
While I've been waiting, the New Year has arrived
How is Lady Fujitsubo?
I suppose the Emperor's going to give up the throne
If the baby's a boy
What?
The birth of a new prince will be a chance to make drastic changes
Father-in-law, is that...
And the new baby will become the Crown Prince
The Emperor will hand over the throne to your elder brother
Father will hand over his position...?

Lady Kokiden was expected to become Empress Dowager after the Emperor's abdication.

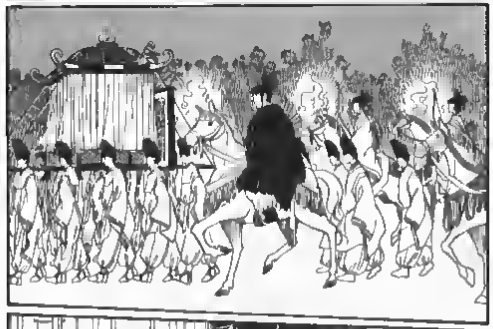
弘徽殿の女御は御譲位の後皇太后となられるはずである

Genji was appointed Prime Minister.

源氏の中将は宰相となった

In July of that year, Princess Fujitsubo became the Empress.

その年の七月藤壺の女御は中宮にすすまれる



中宮になられる

あのかたはいよいよ手のとどかぬ天上の人になってしまう

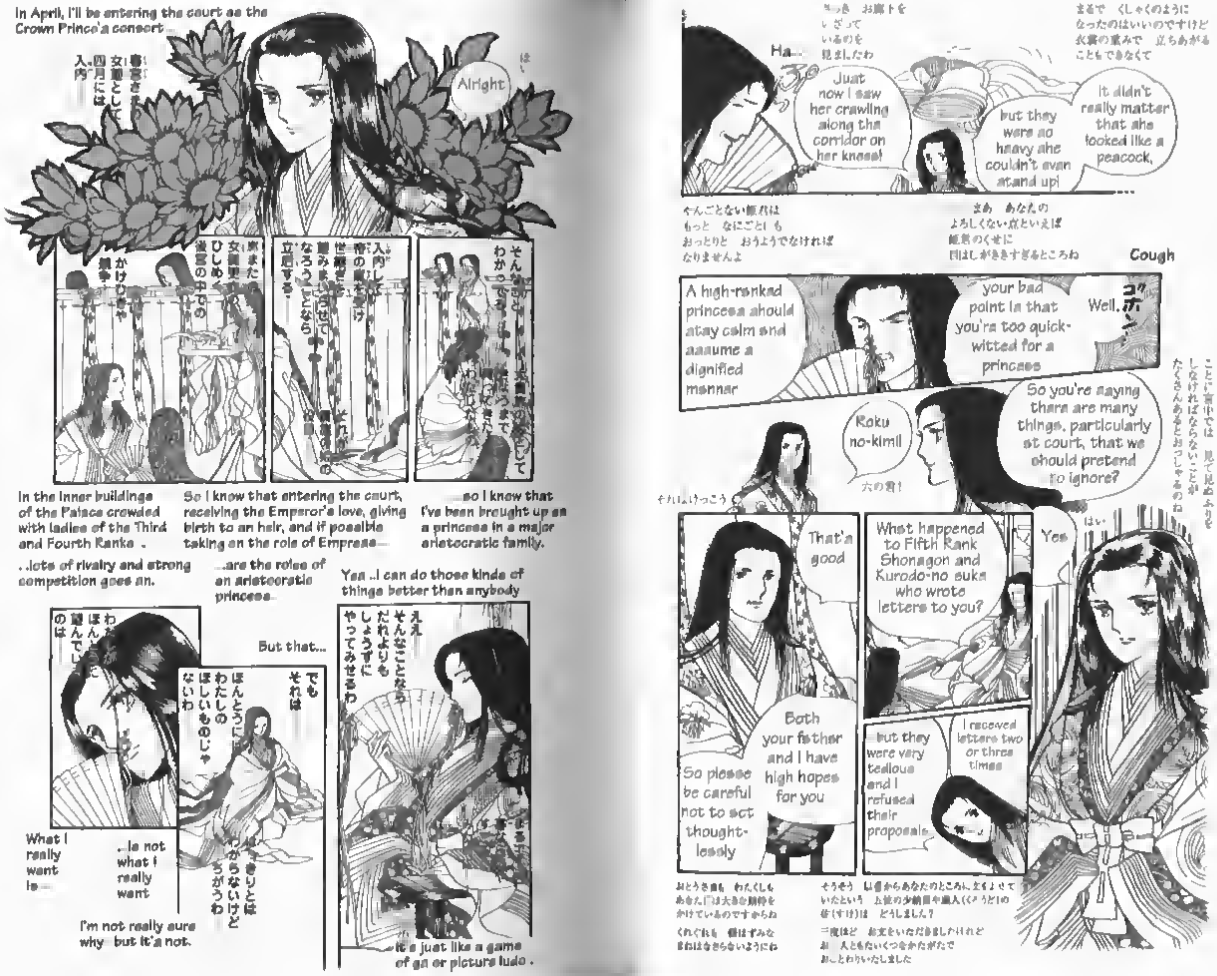
She will become the Empress...

She'll become like a heavenly being even further out of my reach...

A rolling red radish...!
He...
Well, well, it's very lively in here!
How are you, sister Kokiden?
Hee hee hee
Oh, you're so naughty, Roku-no-kimi.
saying 'red radish'!
And Roku-no-kimi, you look even more beautiful today than usual!
Very well. Yon-no-kimi and Go-no-kimi
Giggle

Uemon couldn't decide which kimono to wear today.
so she decided to put them all on, one on top of the other!
But if you heard about Uemon, one of Lady Shokyoden's ladies in waiting- I'm sure you'd laugh, too
But I don't think it's good manners for a daughter of the Minister of the Right to laugh so loudly that others
It looks as though your father has spoiled you, his youngest daughter, too much

The Emperor's words delivered from there must sound very solemn and gracious
Oh...there's the Imperial Throne.
...this is the first time for me to see the Shishiden Palace.
Though I've visited the Palace before ..
Today the Emperor's holding a cherry-viewing party
So many people are here already
Ah, that must be a university professor
I'm sure he's borrowed someone else's clothes. They look too big!
Today I guess he's reciting a poem. He's already looking very nervous
Chuckle
Oh look, he's tripped over!
The man next to him has a face just like a red radish!



In April, I'll be entering the court as the Crown Prince's consort

...Somebody's coming
Neither too bright nor clouded over
On a spring night
Nothing compares with a hazy moon

As I expected, she's being very careful..
Tonight Kokiden is staying with the Emperor at the Seiryo-den...
It's a shame to go to sleep on a night like this...
A hazy vernal moon in the sky...
A pleasant scent in the air...
The Empress is at Fujitsubo Court...
...Oh, it's open?
What would they do if something bad happened?
The Kokiden ladies must be very careless...

だれか？

Who are you?

Otherwise I won't even be able to write to you
Surely you don't think this is going to be our only meeting do you?
Oh dear, they're waking up!
You must leave quickly before you're noticed
I'm sorry, I was wrong to ask
But I would like to know your name before rumors are on everyone's lips
She doesn't seem very experienced... but she's sharp.
Or...do you prefer to deceive me?
So please tell me quickly
Don't deceive me
You're spiteful!

The Minister of the Right has arranged for her to be the Crown Prince's consort. If she was the one, I could be in a lot of trouble!

え——!

What?

Even without that, your reputation with that family is pretty low.

But am I wrong? Are you in earnest?

You don't sound very respectful.

I'm sure you're aware that the daughter of Lady Rokujo and the late Crown Prince will become the high priestess at Ise?
Yes, I am
Lady Rokujo?
Well, her mother intends to move to Ise as well
One more thing
Following my abdication, there will be new high priestesses at Ise and Kamo.

I'm also the Minister of the Left's eldest son...
Don't forget that! and your brother-in-law
As I thought, the wind direction has shifted
It looks as though we can't expect the ceremony of appointment next year
But you are the Minister of the Right's son-in-law
I'm worried about leaving the young prince here at the palace
He has no powerful backing. I earnestly hope you will look after him on my behalf

I'll ask my ladies to prepare a meal for you
They are also looking forward to talking with you, Lord Genji
Can't you spare some time just for the two of us?
...you didn't make excuses like that... in the past...
Didn't my messenger come?
Oh, yes, he came
I feel I'm disturbing you
I heard you are moving to Ise
But I was so engaged in copying a sutra, I lost track of time

I could only chase after you because I believed in your love
Why don't I run after him?

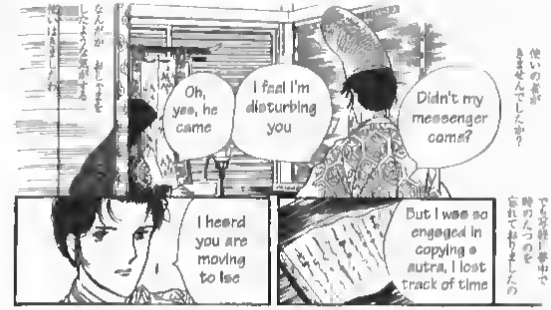
But now..
I can't do it...!
As I thought, I'm out of place here.
I should visit you at some other time
No.. I can't!



Didn't my messenger come?
Oh, yes, he came
I feel I'm disturbing you
I heard you are moving to Ise
But I was so engaged in copying a sutra, I lost track of time

I spend many months in idleness
Not many spring days to look at flowers
Even the star-crossed lovers of the Milky Way meeting once a year wouldn't talk about such indecent matters.
This is not a suitable topic of conversation for meeting after such a long time.
Don't evade things
The only reason I haven't visited you for so long is that I've been very busy.

Ah, Lord Genji!
I received a message that I was needed here urgently
What on earth is happening?
Well, well...
This excess of joy is almost too much for an old man like me! I'm so excited!
What?
Good news!
Aoi is pregnant!

You are flying away from me...
And I can do nothing but feel as still as a stone
I'm eight years older, so I can't propose marriage to you
But I can hardly tolerate being deserted by my younger lover.
I want to go far away even further than I am
No, I can't do that, either—I have no confidence that I can bear... living away from you

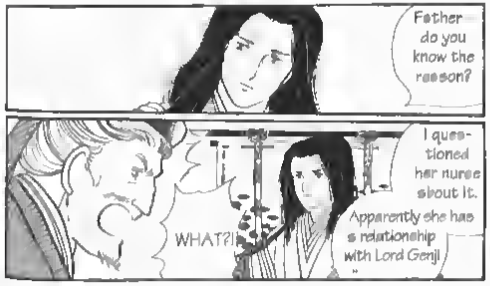
Hmm
Before word gets around, you'd better persuade her
It'll be too late if you wait till some irreparable mistake has been made
Th... Then, the reason she's been unwilling to enter the court,
I'm sure it's because Lord Genji has deceived her
...I would reprimand him severely
If only the former Emperor didn't favor him—
What's difficult position he's put me in...

Somehow, I hesitate to go out
but this is my wife's First baby, my wife's parents are staying with her all the time
Although I know I should visit you more often

The Emperor doesn't have a woman he particularly loves yet
We must proceed quickly with her entry into court as a bride
I know that, but—
Thank you for your kind words
She is such a beautiful and cheerful princess
When she enters the court, the palace buildings will surely brighten up!
I'm worried that the main character, Roku no-kimi, isn't showing much interest



Father, do you know the reason?
I questioned her nurse about it.
Apparently she has a relationship with Lord Genji
WHAT?!

Madam!
Well, well, It's cheerful in here!
We've been encouraging your daughter to go and watch the festival parade
Why don't you all go and leave me here?
It's not good for your baby either to stay shut up here

I have become a target for calumny...
I've ignored my social position and abandoned myself to love.
I'm clinging to a younger lover...
I don't have the heart to let my young daughter go to lie on her own..
I know I'm wrong...
Why am I still here?
Why can't I go to Iwa?
わたくしがいけないのだ…
Ah, Ganji...
My lady—please don't be in such low spirits!
It's the Festival of Purification tomorrow
Why don't you go out to refresh yourself?
That's a good idea
And this year Lord Ganji is the Imperial Messenger
おかたさま

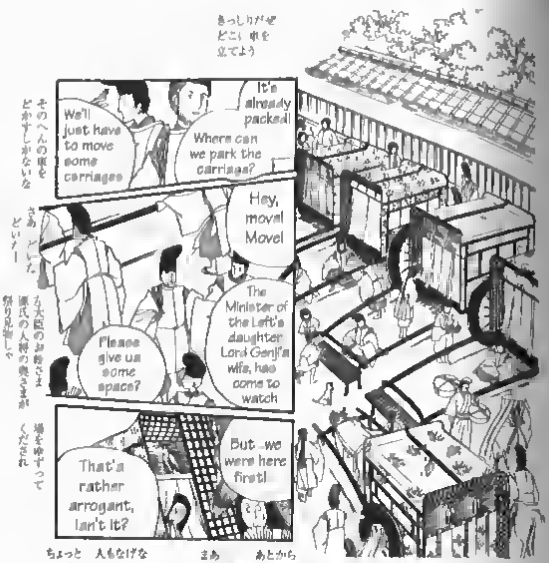
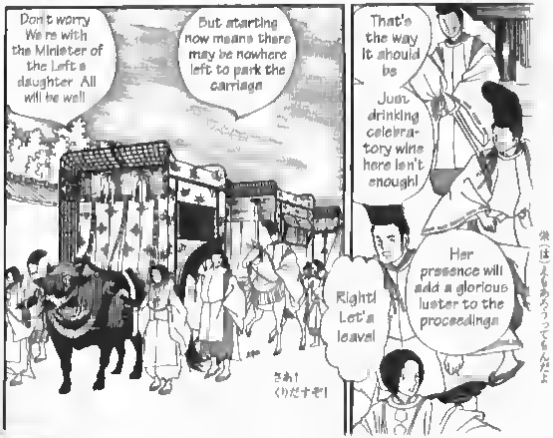
あすは葵祭りでございますよ
気ばらしにお出かけなさいませ



It's already packed!
We'll just have to move some carriages
Where can we park the carriage?
Hey, move! Move!
The Minister of the Left's daughter Lord Genji's wife, has come to watch
Please give us some space?
But...we were here first!
That's rather arrogant, isn't it?

Apparently the Minister of the Left's daughter and her party have arrived
They're trying to move other carriages so that they can watch the procession
Chujo!
It's very noisy out there. What's going on?

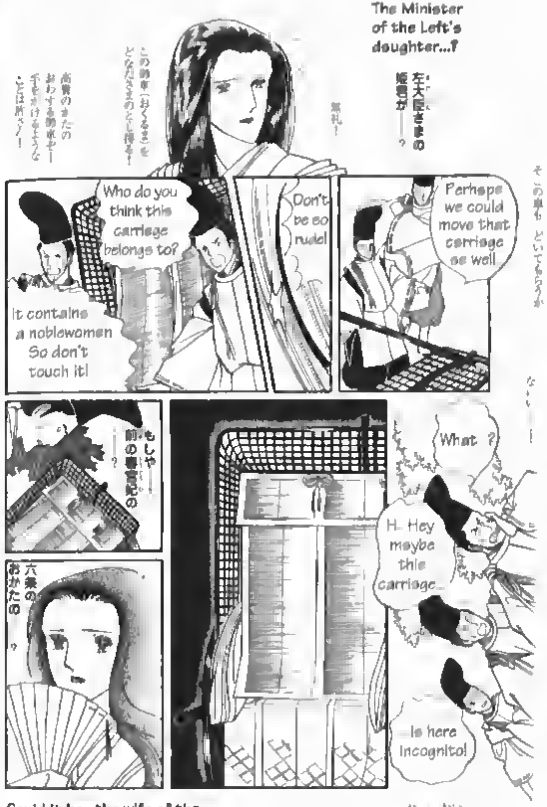
We heard all the palace ladies in waiting are having time off because they all want to see Lord Genji as the Imperial Messenger
So fancy his wife, the most important person, not going
But... that wouldn't be fun
She's decided to go out!
That's the way! Good!
All the retainers will be pleased. They were disappointed at the thought of not going
That's right. You've calmed down
Maybe you should go out for a diversion sometimes



Don't worry. We're with the Minister of the Left's daughter. All will be well
But starting now means there may be nowhere left to park the carriage
That's the way it should be
Just drinking celebratory wine here isn't enough!
Right! Let's leave!
Her presence will add a glorious luster to the proceedings

Attack!
Remove anyone who dares to steal love from our lord!
Ours belongs to Lord Genji's lawful wife
Anyway, who cares?
AHHHH
What're you doing?
Don't let them win! Push them back!
Rude behavior under the shelter of your lord's name is unforgivable!
Ahh!
Hey, stop that!
We won't allow a mistress like that to be so arrogant!

How rough they are...!



The Minister of the Left's daughter...?
Who do you think this carriage belongs to?
Don't be so rude!
It contains a noblewomen So don't touch it!
Perhaps we could move that carriage as well
What ?
H- Hey maybe this carriage...
...is here incognito!

Could it be... the wife of the former Crown Prince...?

Lady Rokujo...?

Thank you
That's a sorry sight. Why don't you lean the shafts on this carriage?
Please pull out the carriage! I want to go home at once
Chujo...
Madam...
How humiliating...!
But there are carriages everywhere. We can't get out!
Please be patient for a little wh...
I want to disappear right now.
Could anything be more degrading...?
I've had to suffer senseless violence.
Not only have I been discovered,
Look! That one's Lady Rokujo's!
That means a fight between the wife and the mistress
What?...The carriages of Lady Rokujo and the Minister of the left's daughter?
Oh...!
I've been exposed... to everyone!
That's it! Push the carriage in there!
WAA...

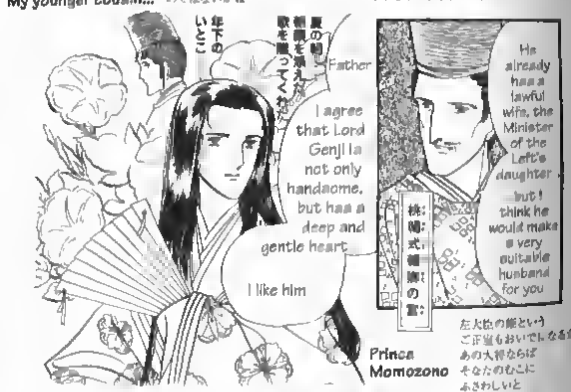
Asagao, Genji's cousin
Yes indeed
Lord Genji greeted us!
What a man! He gets more handsome, the older he gets!
Don't you think so daughter?
Father
Seeing his noble features might soften your dutiful spirit, eh?
I hear that Lord Genji has liked you since his young days and you still exchange letters?



My younger cousin...
Father
I agree that Lord Genji is not only handsome, but has a deep and gentle heart
I like him
who sent me a poem with a morning glory one summer's morning...
Prince Momozono
He already has a lawful wife, the Minister of the Left's daughter
...but I think he would make a very suitable husband for you

He passes by without noticing me.
Madam
I can't see anything...
I hate...
Ahh...I've just realized it for the first time!
...while I...
...am stuck here in the shade.
That arrogant, audacious princess...
..that woman!
What unbearable misery!
I'm not even a wife...just one of his many mistresses!
...sits in a sunny place.

How much she must have suffered...
...for that sensitive and elegant lady...
What a terrible thing...
I feel so sorry for her...
とんなに 悲つかれた ことー
To Rokujo!
An apology from your wife won't do any good
My lady asked me to tell you that she's concerned about your wife's health
But all I ask is a brief meeting in order to apologize
Yes .We tried to stop it, but...
...as you know, the attendants are young and volatile and there was a lot of rice wine drunk.
My lady cannot see you
The new Ise High Priestess is inside the residence, so we must practice self control.
The carriages of my wife and Lady Rokujo ?

That is so sad.
...in all the antagonism amongst the women around him
But I don't want to get involved...
...don't want to be part of the strife between men and women
After all, I
I'm sure you must find Lord Genji attractive
But daughter, you can find happiness in strife as well
Yes, but...it's because of that...
Only in my heart...
Only in exchanging letters...

Lord Genji, a letter of sympathy for you
I wonder who could have written such a noble minded message?
Hearing the news of your wife, tears fell from my eyes, as I thought of the impermanence of worldly things. I know how much more you, who have been bereft, must be wetting your sleeves"
Lady Rokujo...!

My soul grieving and weeping in the air Could you please stop it..

Even the former Emperor regarded her so highly he has offered his condolences...
All the more, losing such a fine princess...

The gray of my robes are the lighter hue
But tears plunge my sleeves into deep wells

But just as we were coming together—

Unable to understand each other for such a long time, we were husband and wife in a cold relationship

The Imperial Palace is described as a place above the clouds. I wonder which cloud she belongs to.
If I could only figure it out once more...
I could apologize to the lady who died regarding me as a faithless husband.
Oh, this autumn shower will drench us here.
You'll be soaked if you stay there.

Well... frankly speaking
I didn't expect you to be so upset about losing my sister
It may be rude to say this, but you didn't appear to be a very affectionate couple
Thinking you must have been with her unwillingly, because of the former Emperor or my parents...
I was privately feeling sorry for you
It was all my fault
I was spoilt by her kindness hoping we'd be alright someday as time went by

Hearing that such a noted noble lady is living in such a wild place many men of refinement and taste are visiting the area
The fashion nowis to visit No-miya in the mornings and evenings making your way through the Sagano dew.
Yugiri .

Well, well...
His already seems to recognize his father's face...
And his eyes are so much like his father's!
出家するとはいってもこんな幼児を見捨ててしまえるものでもない
Although I say i might become a monk, how could I ever leave such a tiny child behind. ?

So even if we want to be serious
Well, in any case, we were the two rival suitors for those ladies Suetsumuhana and Naishi, as you remember
...What a man you are! I can never be serious while I'm with you
I suppose you treated yourself to a spider's visit or something...
I know what you're like!
That reminds me, the incorrigible old lady wrote to me again
I'm sorry for her You shouldn't be too rude to her
No way! I tossed the letter into the sleeve of that old man who's deeply in love with her and escaped
our dear grandma, don't you remember?
For she is
So at last she's decided to go down to Ise...
Oh, I have some more news... Lady Rokujo has...
...started her one-year period of abstinence because of her duty to accompany her daughter to Ise Shrine ..

For the sake of this little prince, I must cheer up soon—
Well then, I shouldn't stay ill in bed like this
There is nothing else to comfort her anymore.
How nice of you to say so, Lord Genji
I know you must miss my late wife very much, but I beseech you to care for the little prince well, never leaving him.

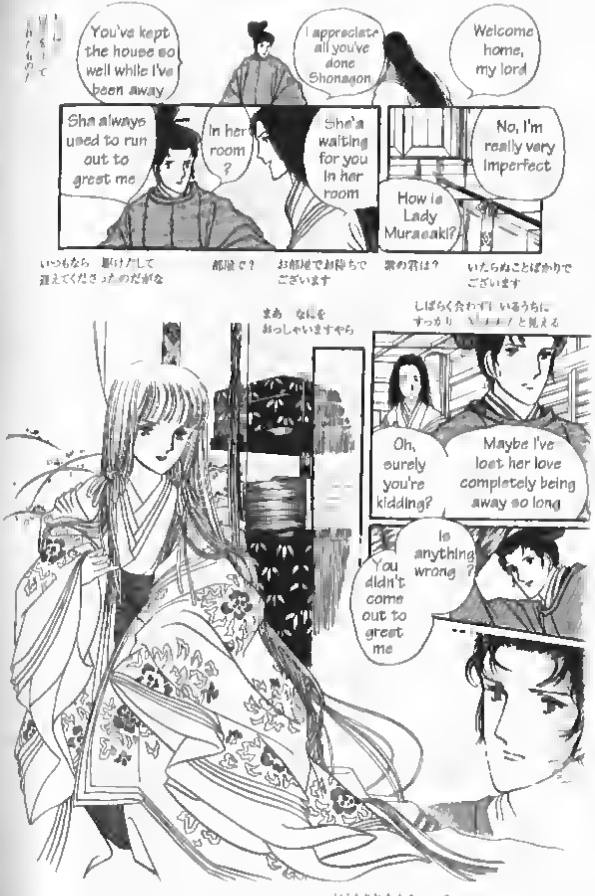
That's alright
I couldn't even write to you for such a long time I'm sorry
I thought I shouldn't act joyfully
It's quite natural for you not to have thought about me
I remembered how I felt when I lost my grandma
I think I know how you are feeling right now
because you've had such a sorrowful time



You've kept the house so well while I've been away
I appreciate all you've done Shonagon
Welcome home, my lord

In her room ?
She's waiting for you in her room
No, I'm really very imperfect
How is Lady Murasaki?
Oh, surely you're kidding?
Maybe I've lost her love completely being away so long
You didn't come out to greet me

Lord Genji has arranged such a formal wedding...
Princess...
Why are they so excited, I wonder?
I'm not happy at all
Ah... Oh!
Then it means Oh, princess!
My dear princess... Is that why you've been in a melancholy mood?
There's something I want to tell you
But your father, Prince Hyobukyo, after all, didn't even try to find you
When you moved here, you were very young and knew nothing of
...Here, Princess...

Lord Genji...?
Please bring the same cakes to me here early tomorrow evening, but in a simpler style
Koremitsu!
It's an unlucky day, you know
Yes, sir
Yes, certainly! For a happy event, you should pick a lucky day

This is really a very unusual thing
That's what I think
If you'd remained like that you might have lived in obscurity as a kept mistress. But he just kept waiting for this day. Moreover, he's made you his lawful wife, and is giving you a proper wedding like this
Your father had his children and his lawful wife was turning a cold shoulder on you
So you were a princess without any support. But Lord Genji has brought you up in such a devoted manner
That's not an easy thing to do

Lord Genji
What is it? It's unusual for you to address me first.
Prince Hyobukyo
Hmm
Long term fatigue must be the cause
Please take some time to improve your health
I'm glad to hear that
The doctor also says so
And prayers are being said for me
Prince Hyobukyo is here
Brother ...?
Many thanks for your kindness
I'm relieved to know that the former Emperor is feeling better
Please ask me for any help you may need
Prince Hyobukyo...
Murasaki's father...
My dear... I Don't talk like that
How strongly fate has treated that princess!
How come she's Genji's lawful wife, of all things?
When I heard she was missing, I thought she was no longer alive
Did you hear that Lord Genji's new lawful wife has...
turned out to be the daughter of Prince Hyobukyo?
Anyway, if Lord Genji is our son-in-law, our family prosperity will be greatly enhanced
Well, maybe so, but
Moreover I heard she's been missing for a long time.

Inconspicuously get the required number of people for me
Koremitsu, Yoshikiyo!
Where to, sir?
No no-miya Shrine
Just as I expected autumn in Saganо
It's quite natural for those of refined taste to come here frequently day and night

Genji's mind will be settled and he'll stop being torn between ladies
With this, at last...
I can see he truly loves her...
I hear he's even been sorting out her background documents for her ..
That princess is also my niece
My lady
On the occasion of her Coming of Age Ceremony, I think I will send a gift.
My lady
The princess who will serve at the Ise Shrine will perform her ablutions and receive the Imperial Order so I suppose they are cleaning the palace
Because of the former Emperor's illness, there was no time for me to be free. And it's already September...
The day she'll be leaving for Ise is approaching...
Is this the Court cleaning day?
There's so much bustle everywhere

やはりいってしまわれるのか
So, she'll be leaving after all...
Lord Genji...?
源氏の君が……？

あちらしょうございますね

..In autumn and in winter—

Oh, no ! You're horrid! You were watching me secretly !
I was wondering if this is really the same girl who was crying about losing her baby sparrow–?
Since then, it's not even been five years yet.
A girl I forcibly abducted because I wanted her at first sight
So that I could forget that lady.
In place of that lady...
She was a girl who was so much like Princess Fujitsubo .
And this girl resembles her more, day by day...
Murasaki
..I am ..
Something's wrong with me today...
..just like in those days...
her vivid image returns...
On the contrary, more and more.
I thought I could forget her .
I'm seeing her image in Murasaki...

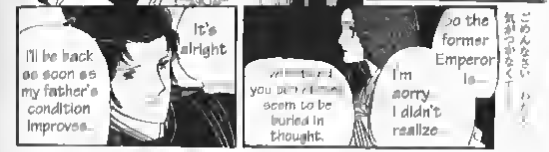
I'm sure I must look funny
You're gazing at me again!
No You don't
I'm lost in admiration
You're lying
I really should have my hairline trimmed a little bit more anyway
Even if you aren't gazing at me, I'm embarrassed
When I first saw you, you were still such a little girl with a typical girlish hairstyle
No, you look fine
. in spring and in summer...
...in autumn and in winter. .
I'll be sailing across, guided by my big brother...?

Don't worry My life is ending, anyway
My biggest concern is the situation after I'm gone
Father— Please don't try to talk too much
I'm afraid it might effect your condition—
Goodbye my lord
How could I ever be dissatisfied...
with this dearest princess?

As you have done up to now, consult with Lord Genji on how to conduct affairs of state
Don't neglect to give due consideration to both ministers and the people
As Emperor want you to do your best for the eternal prosperity of the Imperial House

I ask you never to destroy what I intended
Though he's your younger brother I deliberately let him stay as a commoner wishing him to be the guardian of the Court
Yes.. Father.

Are you going out now?
Yes As I've told you before—
My father's not well...
I'm going to visit him with the Crown Prince, who he's anxious to meet
Is some thing wrong?
.. Oh....
She is so senaitive...



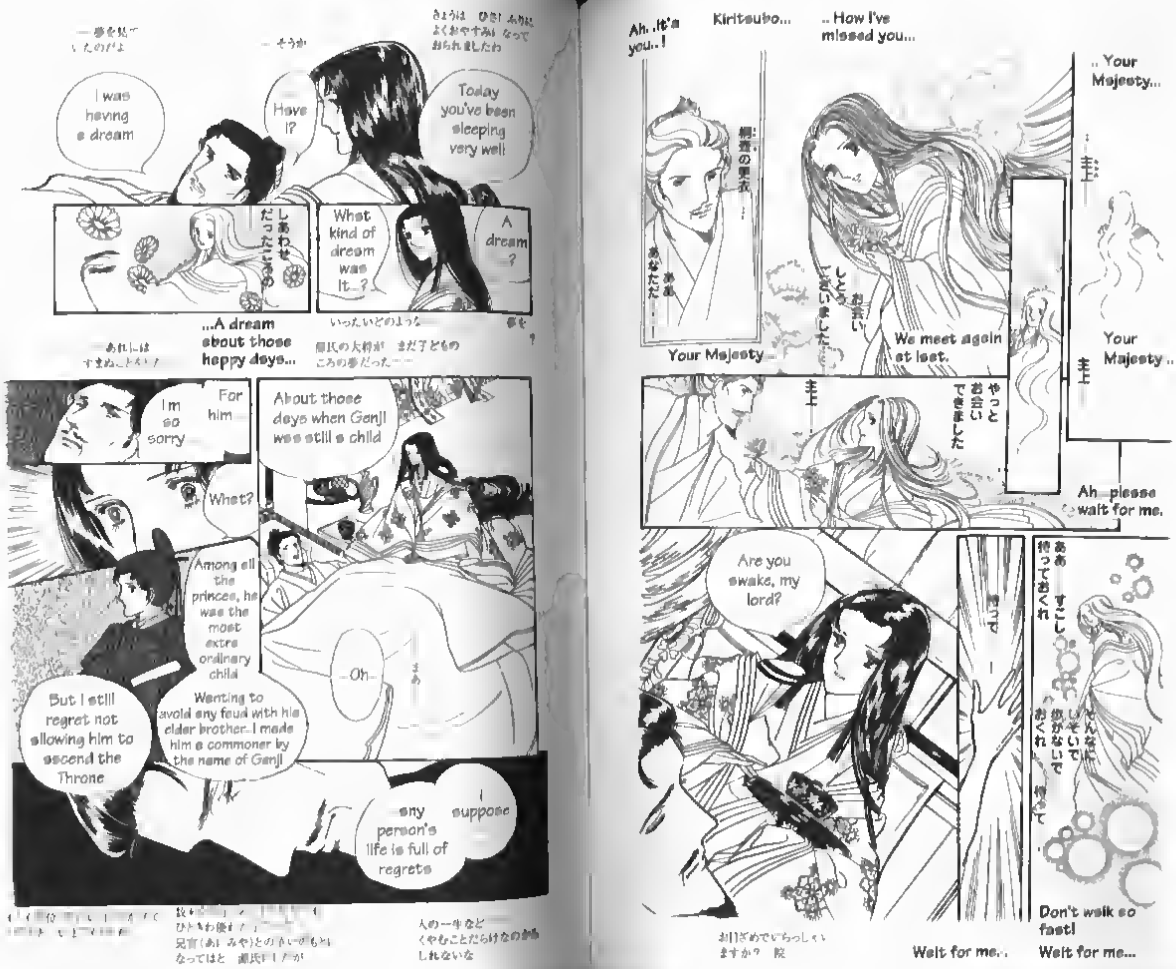
It's alright
I'll be back as soon as my father's condition improves—
so the former Emperor is—
I'm sorry I didn't realize—

Oh!
I wish you'd stop calling me "brother" and give me a promotion
Yes brother— Please take care of yourself
Now my dear—

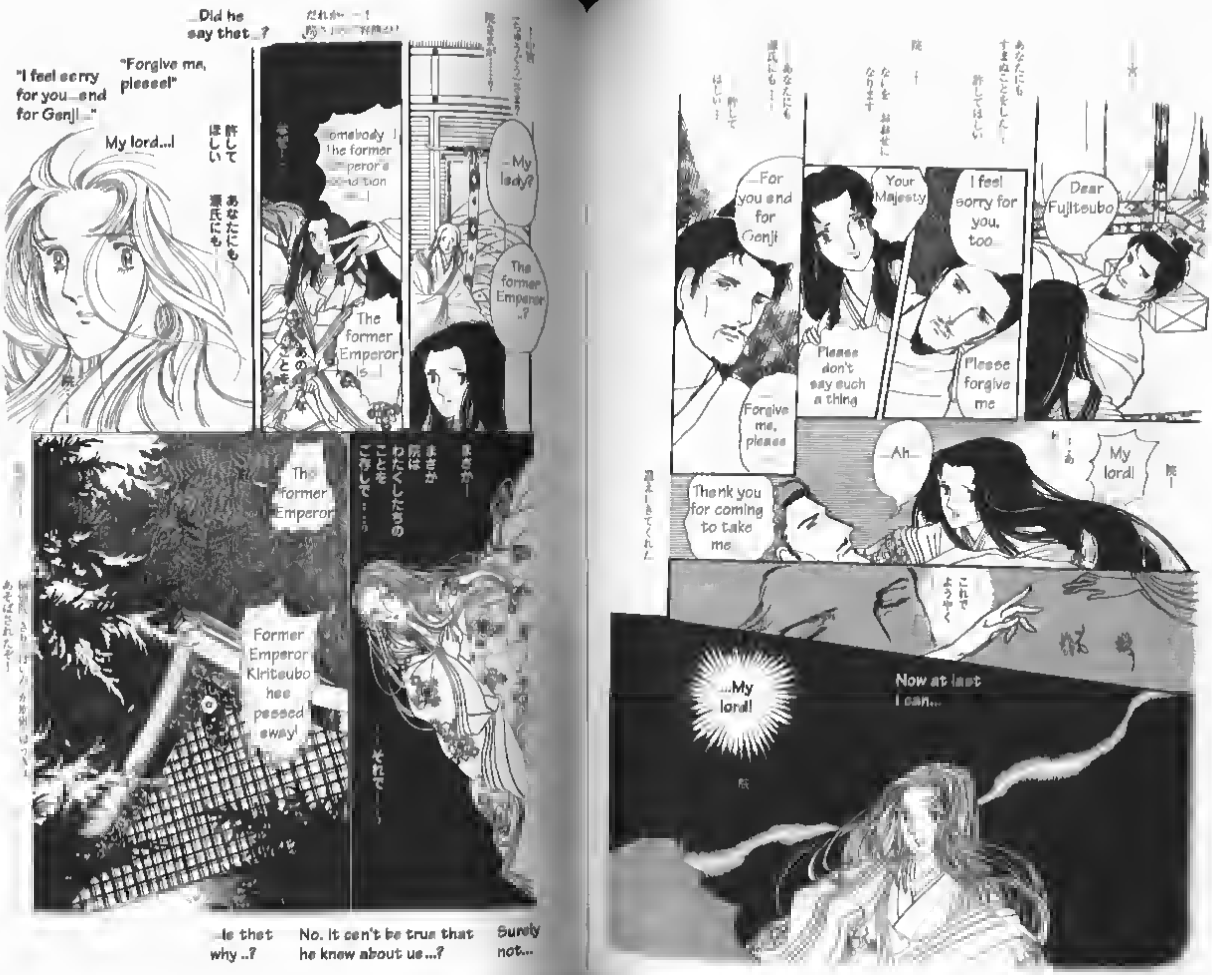
Father
..Father is going to leave us...
More than anybody else,
Father loved me so much...
But, Empress Consort, it could appear disrespectful not to visit the former Emperor
Yes I know that, but
I hear Fujitsubo has been in constant attendence to nurse him..
Moreover...
I'm sure my husband would not be happy to see me...
Never once in his life,
did he love me from the bottom of his heart...
Your Majesty .

Of course not... Father..
Regarding the Crown Prince, I want you to support him, regarding him as your own son
I swear to obey your words Please don't worry.
Never get involved in internecine feuds
Be loving brothers, helping each other!
More than anything, I'm sorry that I have to leave such a young Crown Prince
What are you saying, Father!

And never let any of those thoughtless fellows control the court
I beg you
Please take care of the Crown Prince
Protect him on my behalf
.Genji!



I was having a dream
Have I?
Today you've been sleeping very well
What kind of dream was it...?
A dream...?
...A dream about those happy days...
I'm so sorry
For him
What?
About those days when Genji was still a child
Among all the princes, he was the most extra ordinary child
Wanting to avoid any feud with his elder brother...I made him a commoner by the name of Genji
-Oh-
But I still regret not allowing him to ascend the Throne
I suppose any person's life is full of regrets
Ah..It's you..!
Kiritsubo...
..How I've missed you...
Your Majesty...
We meet again at last.
Your Majesty..
Your Majesty..
Ah...please wait for me.
Are you awake, my lord?
Don't walk so fast!
Wait for me...
Wait for me..



Dear Fujitsubo
I feel sorry for you, too
Please forgive me
Your Majesty
Please don't say such a thing
For you and for Genji
Forgive me, please
My lord!
Ah...
Thank you for coming to take me
...My lord!
Now at last I can...
Did he say that...?
"I feel sorry for you...and for Genji..."
"Forgive me, please!"
My lord...!
My lady?
The former Emperor...?
Somebody! The former Emperor's condition...!
The former Emperor is...!
The former Emperor
Former Emperor Kiritsubo has passed away!
...Is that why..?
No. It can't be true that he knew about us...?
Surely not...

No more, nowhere in this palace, can I find the former Emperor

It's been 10 years since I began serving the former Emperor...

わたくしたちも この御殿(ごてん)も 帝(みかど)の宮家(きょか)に 移らねばなりません

He tolerated me so warmly.

It's strange. Though I'm just going back to the place where I was born and brought up, I feel somehow forlorn, as if I'm going somewhere new...

We also have to move to my parents' house in Sanjo

わたくしを あたたかく 包みこんで くださった

It's because your husband was so much in love with you and wouldn't let you stay away from him even for a moment nor give you permission to go home

This palace is virtually your own house.

The former Emperor Kiritsubo...

Now the 49th day after the former Emperor's death has passed, the court ladies are dispersing

There are fewer people in the palace now

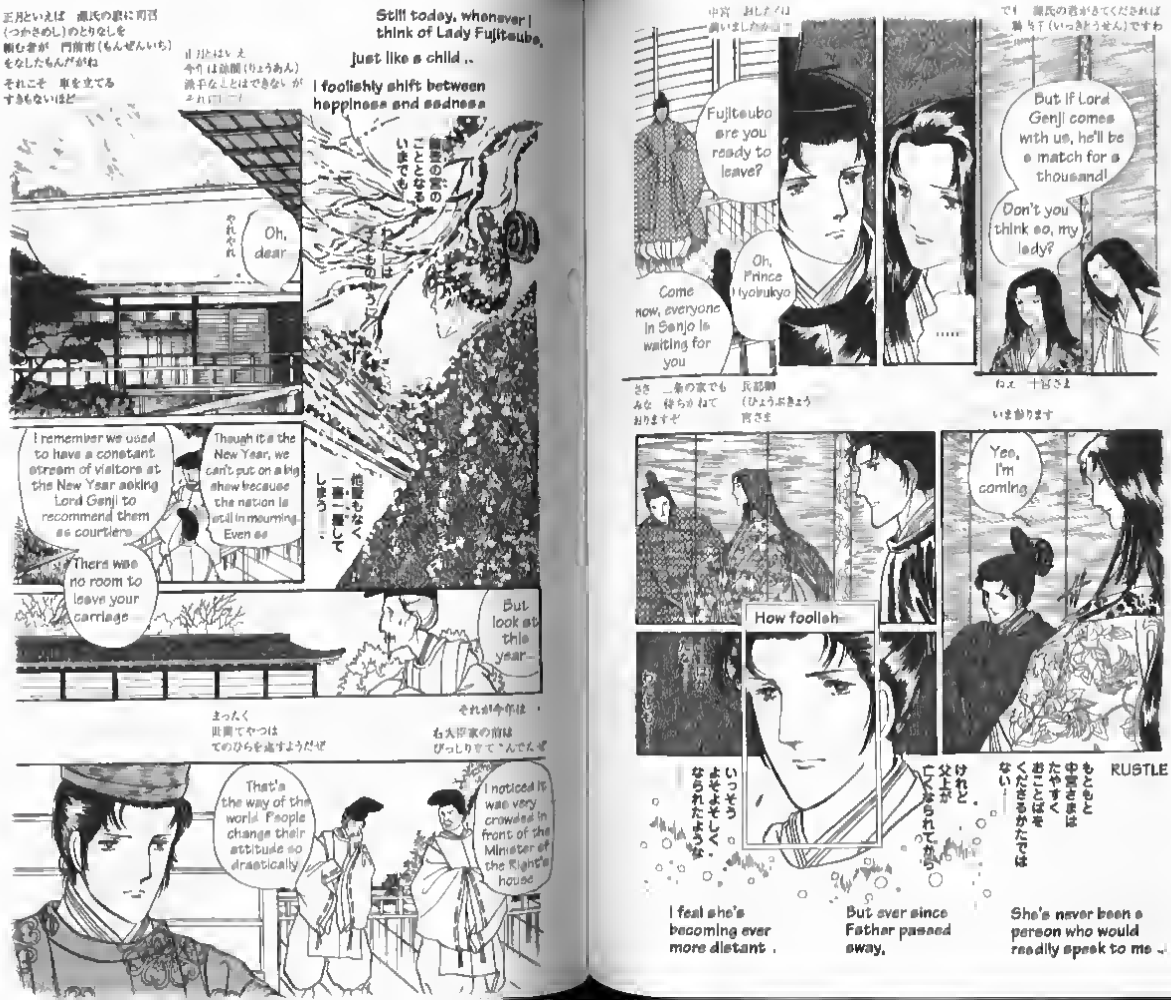
四十九日もすぎて 心なしみの女房たちも ちりぢりになってしまう

どこへ参りましても 宮さまの おやさしさは 忘れはいたしませぬ



Still today, whenever I think of Lady Fujitsubo,
just like a child ..
I foolishly shift between happiness and sadness
Oh, dear
I remember we used to have a constant stream of visitors at the New Year asking Lord Genji to recommend them as courtiers
Though it's the New Year, we can't put on a big show because the nation is still in mourning. Even so
There was no room to leave your carriage
But look at this year-
That's the way of the world. People change their attitude so drastically
I noticed it was very crowded in front of the Minister of the Right's house
Fujitsubo are you ready to leave?
Oh, Prince Hyorukyo
Come now, everyone in Sanjo is waiting for you
But if Lord Genji comes with us, he'll be a match for a thousand!
Don't you think so, my lady?
Yes, I'm coming
How foolish
RUSTLE
I feel she's becoming ever more distant .
But ever since Father passed away,
She's never been a person who would readily speak to me .

And those who have been appointed to the central court posts instead are all connected with the Minister of the Right. So I imagine my father is not very happy
Those people Father looked after have been sent away as clerks to remote provinces
That is understandable
It seems the Minister of the Left is not going to his office lately, eh?
I don't care, though
Well...as my wife is the 4th daughter of the Minister of the Right, I get this and that through my wife...
How about yourself?
Wa-ha-ha...
I wonder what the Emperor thinks of my father's will...
not allowing the power of maternal relatives to come into the core of the Court...
If he found out that I'm still visiting his sixth daughter, I wonder how he would react?
If things keep on like this, the Minister of the Right and his men will behave just as they please

Both Genji and Fujitsubo...
must be aware of that by now
Ho-ho-ho...
He deserves it...
Certainly Genji was popular, but only because he was in the former Emperor's favor
Excuse me Lord Genji
In fact, my son's been struck down with illness...
It's about the matter of my son's promotion that I've been asking you for...
I guess, as much as possible people are trying to sever all connections with me
I hear Shikibu no-jo's son has been appointed as Magistrate of the Imperial Guards through mediation by the Minister of the Right
Honestly, what useless people!

No, you wouldn't..
No ..It's useless to try to deny it!
What?! You mean I wouldn't be a good husband?
Oborozukiyo
I can tell ..
because we're both the same kind of person
We're the kind that can't be satisfied just living in a quiet pond called marriage
I think I'm going to enter the Court, as my sister has told me to
Rather than living in a quiet pond...
riding through the dangerous currents of a love affair..
brings us much more joy

Will you be able to love the Emperor more than me?
Are you serious?
I won't be a Third Rank lady, but the Chief Lady In Waiting
Because everyone knows the rumor about you and me

You did?
I don't believe it
You know I cried
when you declined to marry me... a little
Oborozukiyo...
Well, no I don't
I mean that's just not like you
Do you think I'm a woman who never cries?

So I've decided not to cry anymore
You and I- I'm sure we wouldn't be happy if we got married
I mean if we were husband and wife our relationship would surely break up
Oh that's not very kind!
But maybe you're right I have to agree with you

ほっとするよ 上七の夜」の
ご寵愛も深くて
源氏のこなど お気に なさらない
ご様子だし… まずはめでたいことですわ
I'm relieved the Emperor seems to like her very much
It's because the Emperor is a very generous person, you know
He doesn't seem to care about her and Genji. Well, it's cause for celebration anyway
CLUNK
Oh—isn't that Lord Genji?
Da I really have a fancy... or not... for this woman .?
Oborozukiyo.. tha daughter of my political opponent ..

だって わたくし あなたに

After all, you didn't choose me It was me who chose you and came to love you

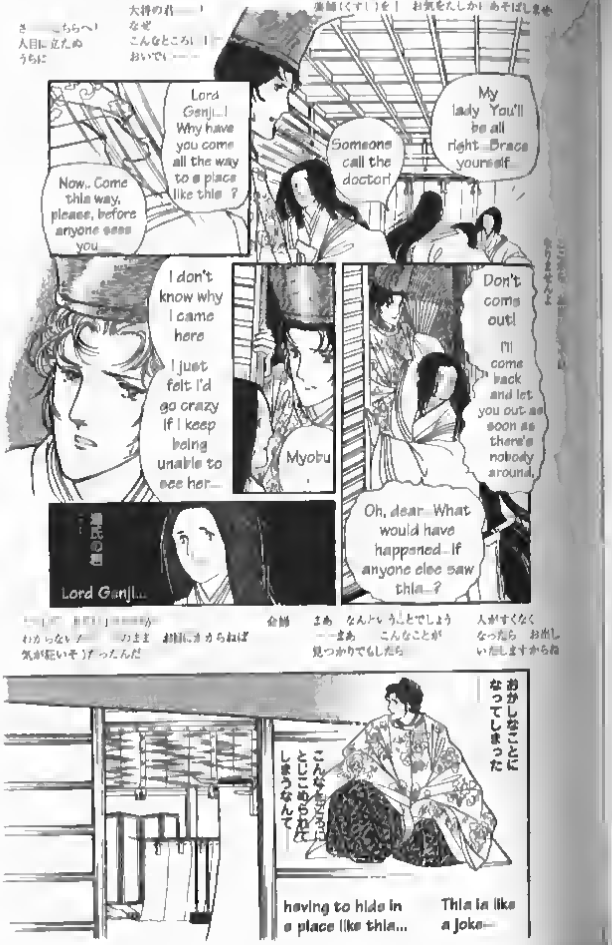
I'll never cry again...
or even if all the palace ladies point after me
So, even if the Emperor complains about my relationship with you
You're so beautiful!
And I'll be sure to have my day... so that I can be the envy of the whole court. !
Really, you are shining!
bringa us much more joy.
Riding through tha dangerous currenta of a love affair...

HISS
looking into his eyes...
it really breaks my heart...
If I were to enter the Palace, I'd also be unable to avoid seeing Genji...
Well, good night, my lady
Genji...!

So they're still acting each other even after her entry into Court...
It reminds me there was once some gossip about her relationship with Genji.
What a beautiful color!
How come he's secretly visiting the Kokiden Palace...?
The Chief Lady-in-Waiting the sister of the Empress Dowager also lives in that palace, I think
What a thing!
He'll be very happy
He's always waiting for a letter from his mother
I thought I'd give it to the Crown Prince as the season has changed.

Oh, don't say that...You're still mother and son you know
Why don't you visit the Crown Prince? However tough the Empress Dowager may be she can't be so much against you
Since the former Emperor passed away, I can't see the Crown Prince as freely as before
I regret this is all I can do for him, even though I'm his mother.



Lord Genji...! Why have you come all the way to a place like this ?
Now.. Come this way, please, before anyone sees you
Someone call the doctor!
My lady You'll be all right Brace yourself
I don't know why I came here
I just felt I'd go crazy if I keep being unable to see her...
Myobu
Don't come out!
I'll come back and let you out as soon as there's nobody around.
Oh, dear What would have happened If anyone else saw this ?
源氏の君
Lord Genji...
having to hide in a place like this...
This is like a joke—

I'm ready to be scolded
But— I just wanted to see you—
Please leave me alone!
Myobu doesn't know or anyone else
I came here secretly
Why are you here ?
Again Myobu let you in ?
Fujitsubo !
Stop, please —!
Why are you trying to avoid me?
Genji
Please! Leave...!
Oh, dear What's he done ?!
Oh, it's Lord Genji!

ガタン!
CLUNK
You're the one torturing me!
Even though you know how I feel!

Oh, how she resembles Murasaki..
We were at a loss, worrying what would happen to you
I'm alright now, brother
Oh, that's good
I wonder what's wrong with her? Should we ask the priests to pray a little more?

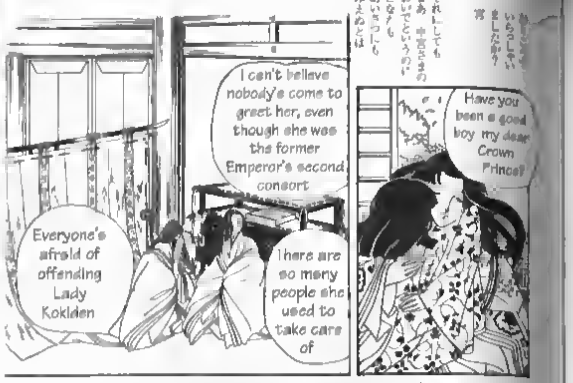
How beautiful she is...
Sha hasn't changed at all...

If only I could give up...I wouldn't suffer like this
You know I can't give up, but you're still
Lord Genji, Hurry this way, please!
Please go now, before anyone comes
I'd rather die right here now...
How cruel you are!
...Genji...

your father's wife!
Of course my behavior is natural
...It's because I was...the former Emperor's...
He's alive and with us here...
Fujitsubo!
Until our sin is washed away, I
That's not true!
He's still alive!
But Father's not here anymore
I feel terrible
I can't betray him any more,
If I have to betray the person who gave me his undying love
If he'd known about every thing?
And if he'd gone without saying anything?
Fujitsubo!



Everyone's afraid of offending Lady Kokiden
I can't believe nobody's come to greet her, even though she was the former Emperor's second consort
There are so many people she used to take care of
Have you been a good boy my dear Crown Prince?

If Lord Genji's attachment gets around, and people get suspicious about the Crown Prince's birth...

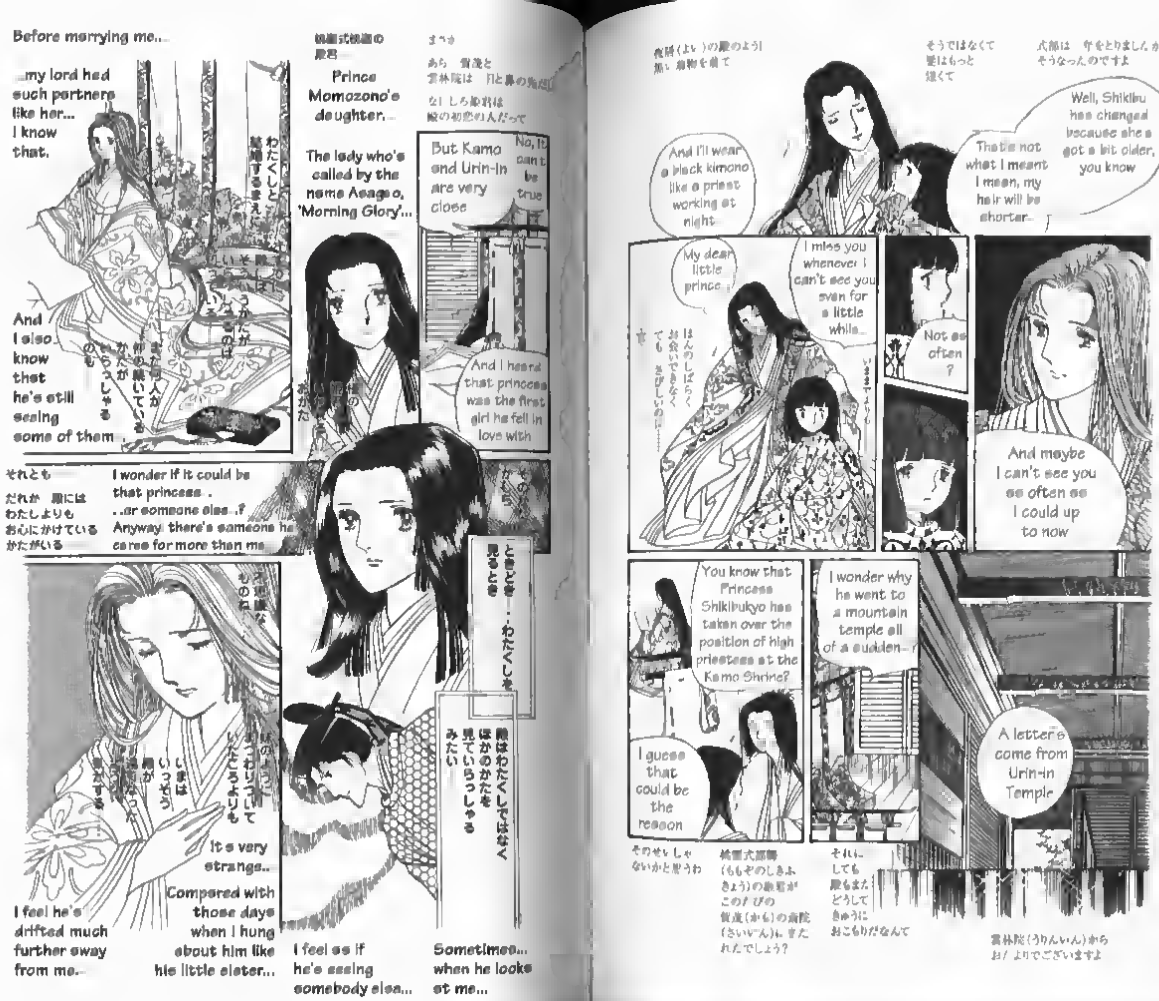
Under her influence, the Crown Prince's position is anyway very insecure...

the Crown Prince could lose his position
What would you think if your mother changed her looks...?
My dear boy
Oh, what can I do...?
Change? You mean you'd look like Shikibu?
You won't become like her, will you?

He must be sulking about the other day...

It couldn't be helped, but still I feel a bit sorry for him...

Oh, that's a pity Lady Fujitsubo is going to visit the Crown Prince...
But if his guardian is not here
What should I do...?
If I keep refusing him like this... Genji might drift away from the Crown Prince...
...how long will I be able to keep refusing him...?
Nevertheless ...just like this...
Mommy!
Oh my
Did you hear Lord Genji's gone to a mountain temple?



Before marrying me...
...my lord had such partners like her... I know that.
And I also know that he's still seeing some of them.
I feel he's drifted much further away from me.
It's very strange...
Compared with those days when I hung about him like his little sister...
I wonder if it could be that princess... ...or someone else...? Anyway, there's someone he cares for more than me.
Prince Momozono's daughter...
The lady who's called by the name Asagao, 'Morning Glory'...
But Kamo and Urin-in are very close
No, it can't be true
And I heard that princess was the first girl he fell in love with
I feel as if he's seeing somebody else...
Sometimes... when he looks at me...
And I'll wear a black kimono like a priest working at night.
That's not what I mean, my hair will be shorter...
Well, Shikibu has changed because she's got a bit older, you know
My dear little prince...
I miss you whenever I can't see you even for a little while...
Not as often?
And maybe I can't see you as often as I could up to now
You know that Princess Shikibukyo has taken over the position of high priestess at the Kamo Shrine?
I guess that could be the reason
I wonder why he went to a mountain temple all of a sudden...
A letter's come from Urin-in Temple

Can't you see the Princess replied very casually?
It's not that kind of letter. Just a seasonal greeting
We'll be in trouble, you know. Those people around the Minister of the Right would gossip again if they knew about it
Well who knows?
Writing to Lady Murasaki not to mention
writing even to the Princess who is serving the Shrine God
What's his seclusion for, anyway...?
All right, I understand
Hello, I'm home!
...My lord!

Very well done, sir! You've mastered the entire 60 volumes of Tendai Buddhism
Just what I'd expect of Lord Genji, famous for his talents
I came here to see whether I could renounce the world or not, but I'm not sure yet
No, no... a young man like you receiving such a cute letter as this, you know...

When the wind blows
Dispersing in all directions
And changing colors

Spiders cling to the grass
Wet with
tear-like dewdrops

...it's the first time for me to experience...

such an anxiety...

Without your presence, our parties and performances would be very boring!
Don't say you were thinking of becoming a monk?
I suddenly took it into my head to seclude myself up in a mountain temple
Well, thank you very much, but.
By the way it's an ideal season for enjoying the moon. Shall we just..
Perhaps he was opposed by both the Empress Dowager and the Minister of the Right.
He's a kind person, but not very strong... the Emperor...
Father once suggested that I might adopt the Crown Prince
But since he's already Crown Prince, I may not have to worry about him
I have to attend to the Crown Prince
I see... Well give him my regards, will you?
What's the matter?
Murasaki...
Because you were away so long...
whether you'd forgotten about me-
I've been worried
You're so silly!
Where on earth could I go, leaving you here?
Oh, I'm surprised to see you!
I've been worried about you as you don't seem to have been attending the court lately
All right I'll never go out alone again!

Oh, so you haven't gone to bed yet?
Lord Genji!
My lord!
Mommy's leaving tonight
So I'm staying up till then
Oh he seems to be so attached to Lord Genji
Like father and child
Time flies and it will soon be the first anniversary of the former Emperor's death
Eight priests will celebrate a Buddhist mass by reading the Lotus Sutra
I don't care what happens to me
but at least I have to protect this child.

It's To no-ben, the Empress Dowager's nephew, and his entourage
He's so rude...deliberately passing just in front of Lord Genji!
...and the Crown Prince trembles...
A white rainbow crosses the Sun
What kind of man...?
I must say some thing...!
No, wait!
They're small men with borrowed authority acting arrogantly
Leave them alone
Does he think I'm trying to plot a rebellion against the Emperor...?
He's comparing me to Prince Tan who tried to kill Shi-huan-di of the Qin dynasty...

That amounts to a rebellion against the Emperor!

It's not strange to think such a person should take the Emperor's place now
So much so, the late Emperor regretted he couldn't make him Crown Prince
Lord Genji is a very talented man who was a child prodigy

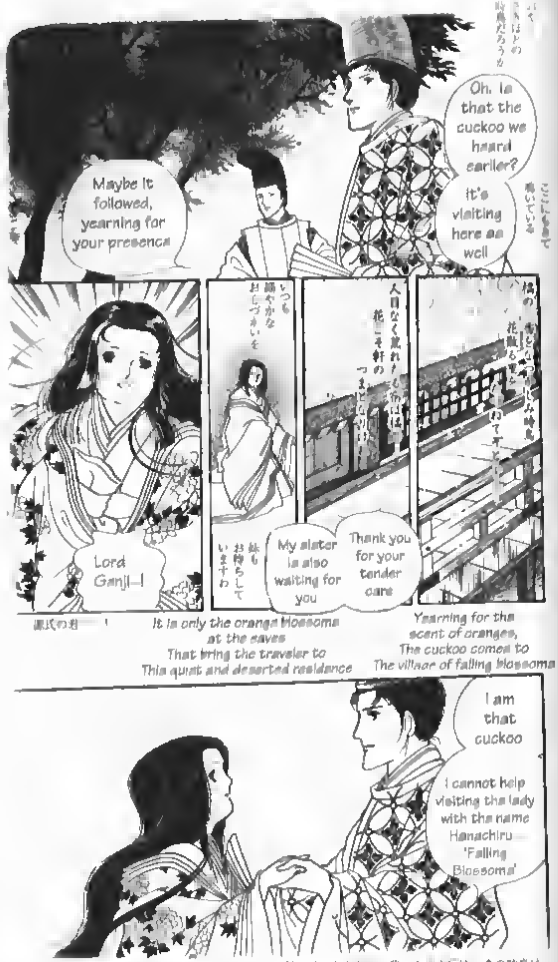
Goodness me!
What? Hanachiru Sato's man is Lord Genji...?
Come to think of it, the messenger was one of the Kiritsubo ladies-in-waiting!
Shining One
Please forgive me for sending it to you very late.
I have been so busy it completely slipped my mind.
Of course. Of course!
I was thinking of various excuses on the way here, but because it's you, I was sure you'd forgive me if I told the truth.
Excuse me
Hanachiru Sato! Hanachiru Sato!
It's a decorated ball...Someone just brought it.
What?
Perhaps a man in the Fifth or Six Rank to match her looks...
Oh, who could have sent it?
A decorated ball for Hanachiru Sato
Eh? For the princess?
My lord wishes to present this to Hanachiru Sato
It's from the Shining One...
My goodness! Fancy him remembering about me!
Oh what beautiful threads!
It's a wonderful piece of work
Could it by any chance have been written by Lord Genji
Wait a second! This handwriting—
WHAT?!
"To the Orange Blossom Princess"

Oh, no—!
If I am at your side, everyone will be disappointed.
The Shining One deserves a more beautiful lady as a partner
there is nobody so warm and honest and tender—
Though there may be many women who are more beautiful than you
Please give me a chance to be complimentary from time to time.
Being with you always somehow makes me very honest
—Ah!
CREAK
Lord Genji, we're here!

I can't put into words how happy I was.
It's the first time for me to have this kind of wonderful experience
Lady of the Orange Blossoms—
You are the only person who expresses such honest joy over such a trifle
But—
I was truly, truly happy!
Just meeting you gave me so much pleasure.
And yet.
Princess—
Would you like to be my love?



Maybe it followed, yearning for your presence
Oh, is that the cuckoo we heard earlier?
It's visiting here as well
Lord Genji—!
My sister is also waiting for you
Thank you for your tender care
I am that cuckoo
I cannot help visiting the lady with the name Hanachiru — 'Falling Blossoms'
It is only the orange blossoms at the eaves
That bring the traveler to
This quiet and deserted residence
Yearning for the scent of oranges,
The cuckoo comes to
The village of falling blossoms

The scent of orange blossoms fills the air...
The House of Flowers...

Suma is different from the city. It's a deserted and lonely place
I can't do that
I can't afford to take you with me

How long will I have to wait for you like this...?
...How long...?
So please wait for me...
I'll definitely invite you there

If I'm not forgiven after many years
I will wait for you for ever.
